(Payment methods are subject to change without notice. Updates or changes will be found on DIY Tube Coin websites.)

### KYC & AML Regulations

In an attempt to comply with government regulations in the various countries around the world, and to open up the Crowdsale to more buyers, DIY Tube Coin must collect some personal data from potential buyers.

KYC stands for Know Your Customer and AML means Anti Money Laundering. To protect both the buyer and DIY Tube Video team, certain personal information must be collected before you can be whitelisted for the token Crowdsale.

The information collected includes the front and back of a valid photo id. This must be a current, valid photo id such as a driver license or other government issued photo id. Please upload a JPG image of both the front and back of your photo id. Image must be in JPG format and less than 10 MB in size. Image must clearly show all details of your id. Blurry images cannot be accepted as proper identification.

The address you enter on the form must match the address on your id.

Upload a current selfie image showing your face clearly. Images must be in JPG format and under 10 MB in size. Take a selfie photo with your computer camera or cell phone where your face fills most of the screen. Look straight into the camera and remove all sunglasses or eyeglasses for proper identification. Ensure proper background lighting is in place to get a clear photo.

Your email will be required in order to inform you of your acceptance into the Crowdsale or issues with

your application. Whitelisted members will be able to purchase DIY Tube Coins during the official Crowdsale dates.

Your valid Ethereum wallet address is necessary in order to be whitelisted for the Crowdsale for payment in Ethereum. Entries without an Ethereum wallet address cannot be whitelisted.

Buyers purchasing with Bitcoin or other cryptocurrency will be required to submit a valid wallet address for the respective coin in order to be white listed for the Crowdsale.

PayPal and credit card buyers must use the proper field in the form when applying.

## **Sale Conditions**

This is a direct sale of DIY Tube Coins (tokens) on the Ethereum network. You are purchasing DIYT Coins for your own use or purpose. There are no promises or guarantees made and this is not a security. No promise of profit or gain is made during or after this sale.

The purpose of this sale is to raise funds for the further development of the DIY Tube Video Community. Buyers of the DIYT Coin receive no shares or ownership in the DIY Tube Video Community.

All sales are final. Buyers sending funds for the purchase of DIYT Coins will receive the equivalent number of DIYT Coins based on the value of the payment method used and the value of DIYT Coins set at \$0.10 USD at the time the Smart Contract for the Crowdsale was written.

One Ethereum buys roughly 5,000 DIYT Coins at time of the writing of these terms. Market prices of cryptocurrency are subject to daily, hourly and minute by minute change so this value may vary during the period of the Crowdsale.

## **Privacy Policy**

Information is only to be used in compliance with federal KYC & AML policy for the purpose of the DIYT Crowdsale. Your personal information will not be used for anything else. Information collected will not be shared with any third party and will not be used for marketing.

## **Whitelisting**

Buyers who have properly filled out the form with all the required fields will be notified through email when they are accepted. Anyone applying with the proper identification will be approved. All data will be manually sorted to ensure proper compliance.

Whitelisted buyers may purchase their DIY Tube Coins at any time during the Crowdsale.

## **First Come – First Served**

The sale of DIY Tube Coins will be on a first-come, first-served basis. There is a set number of

40,000,000 DIYT Coins for sale during the Crowdsale period starting May 1, 2018 at 0:00 EST and ending on June 15, 2018 at 11:59 EST.

The Crowdsale ends when either the tokens are sold out or at the contract closing time and date. There is no guaranty that all applicants will be able to purchase DIY Tube Coins depending on the above conditions.

The purpose of the Crowdsale is to raise funds for the further development of the DIY Tube Video Community first and foremost; therefore no purchase ceiling is set per buyer. A buyer may purchase as many as 40 million coins (when available) or as little as one coin.

During the Crowdsale all buyers making payments will receive their respective number of DIYT Coins. The DIY Tube Team reserves the right to set aside a spill-over account to enable manual processing of sales can be processed. This may occur, for example, when a buyer requests to make a purchase using an alternate form of payment which requires manual processing such as PayPal but all 40 million coins are sold out before the buyer receives his/her DIYT Coins. In this case the DIY Tube Team will issue DIYT Coins to the buyer out of the spill-over account.

### **Rights To Purchase**

The DIY Tube Team reserves the right to accept or deny any buyer based on the information submitted in their application or remaining DIYT Coins left during the Crowdsale. This is both to protect the buyer from making a purchase when no coins remain and to protect the DIY Tube Team under the KYC & AML regulations.

Thank you
